

IAC 2022

14th - 16th July 2022

IAC presentations and activities

Symposiums

Paper sessions

Poster sessions

Preconference Workshops

**The Lighthouse MBT-P
Training Workshop**

DAY 1	14th July - Thursday						
8:30 am - 9:30 am	Keynote speaker: Brian E. Vaughn "Constructing Mental Models of Attachment in Theory and in Lived Experiences"						
	Room 301 - Auditório Armando de Castro						
9:30 am - 10:30 am	Keynote speaker: David Oppenheim "Mother-father-child interactions in Autism: Roots in parental insightfulness and contribution to children's social competence"						
	Room 301 - Auditório Armando de Castro						
10:30 am - 11:00 am	Coffee Break				Poster Session "Attachment/Parent-child relationships and outcomes"		
	Bar Aberto (1st floor)				Room 307		
	Galeria Malangatana (1st floor)				1st Poster Session		
11:00 am - 12:30 pm	Child and Adolescent Global Mental Health Invited Symposium - Miriam Steele	Early Caregiving and the Development of Language Competence: A View from Meta-Analyses Chair: Or Dagan Discussant: Elizabeth Meins	Parental mentalizing: Advances in research and practice for families at risk Chair: Amanda Zayde Discussant: Cheri Marmarosh	Assessing Caregiving Patterns for Intervention with Foster and Adoptive Parents Chair: William Whelan	Paper Session "Attachment and Family"	Paper Session "Attachment and Parental Care"	Paper Session "Quality of relationships and developmental outcomes"
	Room 301	Room 311	Room 305	Room 306	Room 303	Room 309	Room 310
	Symposium Session 1.1	Symposium Session 1.2	Symposium Session 1.3	Symposium Session 1.4	1st Paper Session	2nd Paper Session	3rd Paper Session
12:30 pm - 2:00 pm	Lunch						
2:00 pm - 3:00 pm	Keynote speaker: Kathryn Kerns "The Secure Base in Middle Childhood"						
	Room 301 - Auditório Armando de Castro						
3:00 pm - 4:30 pm	New Advances in Use of the Child Attachment Interview Chair: Francesca Penner	Should we be striving for consistency? Questions arising when observing parenting and attachment across caregivers, cultures, settings, and/or collection modes Chair: Anne Rifkin-Graboi	Video-Feedback Interventions for Parents and Children Chair: Pasco Fearon Discussant: Pasco Fearon	Online interventions aimed at reducing maternal depressive symptoms and promoting mother-infant bonding during the peripartum period Chair: Catalina Sieverson Discussant: Catalina Sieverson	SIRG SoNeAt Session Pascal Vrticka	Paper Session "Attachment and transition to parenthood"	Paper Session "Attachment and parental sensitivity"
	Room 305	Room 311	Room 301	Room 306	Room 309	Room 310	Room 303
	Symposium Session 2.1	Symposium Session 2.2	Symposium Session 2.3	Symposium Session 2.4	Special Meeting	4th Paper Session	5th Paper Session
4:30 pm - 5:00 pm	Coffee Break				Poster Session "Attachment/family relationships and adverse childhood experiences"		
	Bar Aberto (1st floor)				Room 307		
	Galeria Malangatana (1st floor)				2nd Poster Session		
5:00 pm - 6:30 pm	Scaling up and scaling out Sustainable and responsible Dissemination and implementation of attachment-based assessments Invited Symposium - Carlo Schuengel Chairs: Carlo Schuengel and Robbie Duschinsky Discussant: Pehr Granqvist	Lessons for attachment theory by including fathers and representational measures in mind-mindedness research Chair: Sarah Foley	Exploring the association between attachment and callous-unemotional traits across development Chair: Stephanie Craig	Childhood Maltreatment and Attachment Narratives Chair: Camille Danner Touati and Aino Sirparanta	Attachment, Trauma and War: the urgency of a new wine for these old wineskins Mario Mikulincer, Daniel Schechter and Susana Tereno	Paper Session "Attachment and Risk Contexts (Parental)"	Paper Session "Parent-child relations, quality of relationships and predictors"
	Room 301	Room 306	Room 303	Room 305	Room 311	Room 310	Room 309
	Symposium Session 3.1	Symposium Session 3.2	Symposium Session 3.3	Symposium Session 3.4	Roundtable	6th Paper Session	7th Paper Session
6:30 pm - 7:30 pm	Francophone Attachment Network - goûter inaugural - Room 303						
	Ibero-American Attachment Meeting - Room 306						

Day 2	15th July - Friday						
8:30 am - 9:00 am	Keynote speaker: Pasco Fearon "Looking forward, looking back: taking stock of 30 years of attachment research"						
	Room 301 - Auditório Armando de Castro						
9:30 am - 10:30 am	Keynote: Dr. Helen Minnis "Silent symptoms in maltreated children"						
	Room 301 - Auditório Armando de Castro						
10:30 am - 11:00 am	Coffee Break				Poster Session " Attachment, background and predictors"		
	Bar Aberto (1st floor)				Room 307		
	Galeria Malangatana (1st floor)				3rd Poster Session		
11:00 am - 12:30 pm	Virtual Adaptation of Connect, an Attachment-based Program for Parents of At-risk Teens: Implementation, Evaluation and Lessons Learned in Canada, Italy, Sweden, South Africa and Mexico Invited Symposium – Marlene Moretti	Mentalization and attachment-based interventions during early childhood Chair: Stefanella Costa	Broadening the scope of parental insightfulness: Fathers, mothers, ethnic group, and children with special needs Chair: Yair Ziv Discussant: Miriam Steele	Increasing scientific rigor and impact by standardization of constructs and measures Chair: Marije Verhage Discussant: Robbie Duschinsky	Paper Session "Attachment as a predictor in the transition to adulthood"	Paper Session "Attachment representations and predictors"	Paper Session "Attachment, Media and Routines"
	Room 301	Room 311	Room 305	Room 306	Room 310	Room 309	Room 303
	Symposium Session 4.1	Symposium Session 4.2	Symposium Session 4.3	Symposium Session 4.4	8th Paper Session	9th Paper Session	10th Paper Session
12:30 pm - 2:00 pm	Lunch						
2:00 pm - 3:00 pm	Keynote speaker: Tommie Forslund "Attachment Goes to Court: On the application of attachment theory, research and assessments in child protection and child custody assessment and decision-making"						
	Room 301 - Auditório Armando de Castro						
3:00 pm - 4:30 pm	Attachment clinical research, bridging the gap between science and clinical practice: Contributions from the Francophone Attachment Network Invited Symposium - Susana Tereno Chair: Susana Tereno Discussant: Raphaële Miljkovitch	In Search of Attachment-Based Interventions for School-Age Children Chair: Brian Allen	Fostering mentalization in attachment-based interventions with parents/carers of vulnerable adolescents Chair: Helena Carvalho and Paula Mena Matos	Japanese infants' and preschoolers' attachment behaviors during the Strange Situation: Let's watch together Chair: Tomotaka Umemura Discussant: Hoi Shan Cheung and Jean-François Bureau	Paper Session "Attachment and Risk Contexts (Institutions)"	Paper Session "Attachment, background and predictors"	Paper Session "Attachment and COVID-19"
	Room 306	Room 301	Room 311	Room 305	Room 310	Room 309	Room 303
	Symposium Session 5.1	Symposium Session 5.2	Symposium Session 5.3	Symposium Session 5.4	11th Paper Session	12th Paper Session	13th Paper Session
4:30 pm - 5:00 pm	Coffee Break				Poster Session "Quality of caregiving inthe family context and beyond"		
	Bar Aberto (1st floor)				Room 307		
	Galeria Malangatana (1st floor)				4th Poster Session		
5:00 pm - 6:30 pm	Attachment development as a safety conditioning process: exploring dynamic and biological processes Chair: Marian Bakermans-Kranenburg	Turn off your state of mind, relax, and float downstream – Attachment and psychedelics Chair: Pehr Granqvist	Assessing Patterns of Insecurity and Disorganization in the Attachment Script Assessment: Evidence for Predictive Validity Chair: Ashley Groh	Couple & Parents: Interplay Between the Attachment and Caregiver Behavior Systems to Children's Psychological Adjustment Chair: Tiago Ferreira and Paula Mena Matos Discussant: Philip Cowan and Carolyn Pape Cowan	Parenting, psychopathology, and well-being Chair: Stefanella Costa	Going far together: a roundtable on collaborative attachment research Rodrigo Cárcamo, Or Dagan, Marinus H. van IJzendoorn, Sheri Madigan, Glenn I. Roisman, Carlo Schuengel and Marije L. Verhage	Paper Session "Attachment, Psychotherapy and Psychopathology"
	Room 301	Room 310	Room 311	Room 305	Room 306	Room 309	Room 303
	Symposium Session 6.1	Symposium Session 6.2	Symposium Session 6.3	Symposium 6.4	Symposium Session 6.5	Roundtable	14th Paper Session
6:30 pm - 7:30 pm	SEAS GENREAL MEETING						
	Room 301 (Auditório Armando de Castro)						

DAY 3	16th July - Saturday					
8:30 am - 9:30 am	Keynote speaker: Guy Bosmans "Exploring the black box of attachment development: Theoretical and therapeutic Avenues"					
	Room 301 - Auditório Armando de Castro					
9:30 am - 10:30 am	Keynote speaker: Sophie Reijman "When attachment fails? Rearing contexts and clinical relevance"					
	Room 301 - Auditório Armando de Castro					
10:30 am - 11:00 am	Coffee Break				Poster session "Attachment/family relationships in at-risk clinical populations"	
	Bar Aberto (1st floor)				Room 307	
	Galeria Malangatana (1st floor)				5th Poster Session	
11:00 am - 12:30 pm	Adversities and attachment representations in children and adolescents in the child protection system Chair: Stefania Muzi	Disorganization from Infancy to Adulthood: Links with Parenting and Adjustment Chair: Laura Brumariu	Supporting parents in child feeding, sleeping and crying: evidence from the perspective of attachment and sensitivity Chair: Maartje Luijk	Lifespan perspective on attachment: from infancy to parenthood Chair: Jean-François Bureau	Paper Session "Attachment and Neurodevelopmental disorders"	Paper Session "Attachment and Non Parental Care"
	Room 306	Room 301	Room 305	Room 311	Room 310	Room 309
	Symposium Session 7.1	Symposium Session 7.2	Symposium Session 7.3	Symposium Session 7.4	15th Paper Session	16th Paper Session
12:30 pm - 2:00 pm	Lunch					
2:00 pm - 3:00 pm	Keynote speaker: Kathryn L. Humphreys "Caregiver presence in early development"					
	Room 301 - Auditório Armando de Castro					
3:00 pm - 4:30 pm	Joint SIRG FCAR and SoNeAt Symposium: Advances in Research on Father-Child Relationships- an Attachment and Social Neuroscience Perspective Chair: Pascal Vrticka	Mentalizing Abilities and Mentalization-Based Skill Trainings Chair: Paula Sterkenburg	Attachment Asian Group	Paper Session "Attachment and Risk Contexts"	Paper Session "Attachment and Psychopathology"	Paper Session "Attachment and Parental Care II"
	Room 301	Room 311	Room 303	Room 310	Room 309	Room 306
	Symposium Session 8.1	Symposium Session 8.2	Special Meeting	17th Paper Session	18th Paper Session	19th Paper Session
4:30 pm - 5:00 pm	Porto de Honra				Poster session "Adult attachment representations and parenting"	
	Galeria Malangatana (1st floor)				Room 307	
					6th Poster Session	

POSTER SESSIONS

Poster Session 1	Poster Session 2	Poster Session 3	Poster Session 4	Poster Session 5	Poster session 6
Attachment/Parent-child relationships & outcomes	Attachment/family relationships & adverse childhood experiences	Attachment: background & predictors	Quality of caregiving in the family context and beyond	Attachment/family relationships in at-risk clinical populations	Adult attachment representations & parenting
Are the children alright? A systematic review of psychological adjustment of children conceived by assisted reproductive technologies	The interplay between attachment, maltreatment and affect regulation difficulties for adolescents during the COVID-19 lockdowns (6712)	Stability of attachment from infancy to middle childhood attachment: First cross modal assessment of continuity of attachment security in Japan (6651)	Early Maternal Caregiving: A Conceptualization of Maternal Compassion Preoccupation (6689)	Child-Dog Attachment, Emotion Regulation and Psychopathology: The Mediating Role of Positive and Negative Child-Dog Behaviours (6614)	Associations of adult attachment state of mind with parental reflective functioning and early postnatal bonding (7068)
Attachment as a Moderator of the Effect of Bullying on Self-esteem in Young Adolescence (7052)	Associations between Childhood Maltreatment and Child Behavior Problems in Kenya: Mediating Role of Personality Characteristics (7055)	Modelling Adolescent Attachment with a Network Approach (7059)	Maternal sensitivity during mealtime and free play: Differences and explanatory factors (7229)	Father-Adolescent Attachment as a Moderator in the Associations between Paternal Depression and Strain, and Adolescent Depression (7066)	Fathers' Attachment Representations: Deleterious effects of idealization of the father on marital quality and caregiving (7125)
Children's attachment representations and self-concept (7132)	Exploring the consistency of attachment representations between adoptive mothers and children in comparison with non-adoptive dyads (7254)	Parent-Child-Peer Relationships in Early Adolescence (7087)	Association between attentional bias toward infant faces and parental involvement in childcare (7273)	Preliminary effects of the in-person and online Parent-Child Interaction Therapy-Based Turtle Program targeted at inhibited preschoolers in parenting practices	Mediating role of anxiety on the link between attachment and parental burnout in the postpartum period (7162)
Executive function in preschool children: the implication of family interactions (7185)	Mentalization Skills Reduce Parent/Child Dysfunctional Interactions for those Foster Parents with more ACEs (6579)	The Relationship between Maternal Autonomy Support and the Quality of Attachment: The Case of Muslim Mothers from Arab society in Israel (7080)	Quality of mothers' and fathers' parenting behaviors (sensitivity): the role of work and father involvement	Cannabinoid Treatment for Behavior Problems of Children with ASD: Impact on Child-Parent Interaction (7062)	Mediating effect of emotional regulation in the link between parental attachment and mental health in women in late pregnancy (7231)
The association between parent-child relationship quality and kindergarten children's ability to freely verbalize and regulate their emotions (7222)	Suicidal risk among adult survivors of childhood maltreatment: the role of parent-child contact with biological parent during out of home placement (7196)	Sexy Attachment: A Cross-lag Analysis of Sexuality and Attachment in Newlywed Couples (6787)	Evaluating Maternal Sensitivity in Rural Andean Peru: Situations and Measures matter (6866)	Conversational narcissism in marriage: Relations with fathers' caregiving over the transition to parenthood (7216)	Unresolved States of Mind and Dysfunctional Caregiving Behaviors: A Systematic Review (6705)
Association between maternal insightfulness and kindergarteners' classroom behavior (7230)	Does Maltreatment and Parent-Child Attachment Predict Teen Dating Violence and Risky Sexual Behaviour? (7232)	Validation of the Slovenian Affective Neuroscience Personality Scale (7241)	VIPP-School: Using video-feedback to enhance teacher sensitivity (7079)	Maternal reflexive functioning, parenting stress and child attachment in a clinical sample of preschool children (7169)	Maternal antenatal attachment and mental health in the context of COVID-19 (6710)
The role of Attachment and Social Acceptance on the development of Self-Esteem during childhood	Developmental course of Reactive Attachment Disorder and Disinhibited Social Engagement symptoms after adoption (7255)	A self-comfort-oriented pattern of regulatory behavior and avoidant attachment are more likely among infants born moderate-to-late preterm	Qualitative User Feedback of a New Clinical Training Tool for an Attachment-Based Intervention - Clinical Immersive Training Experience (CITE)	Attachment Security in a Dyadically-Informed Perinatal Partial Hospitalization Program (PHP) [7233]	Comparing Attachment Representations among Internationally Adoptive Parents and Non-Adoptive Parents Using the Adult Attachment Interview (AAI) (7101)
Easing infants' transition to center-based child care using a video-feedback intervention for professional caregivers and parents: A feasibility study (7197)	Childhood trauma increases vulnerability to attempt suicide in adulthood through avoidant attachment (7256)	Determinants of attachment in Portuguese infants born very/extreme preterm	The Influence of Insecure Attachment of ECEC Teachers on Their Social Intelligence: Examining the Serial Mediating Effect of Their Mindfulness and Depression (7065)		Stress levels and attachment in an Italian group of pregnant women (7145)
Attachment and the development of prosocial behaviors and empathy in children and adolescents: A systematic review (7259)		Maternal Sensitivity and Child Attachment: A Meta-Analysis Revisited (7267)	Preliminary evidence for supporting early social emotional development through video-feedback and play (7049)		Relations between adult attachment, parental stress and parenting social style in mothers of children with autism spectrum disorder, learning disabilities and typical development (7272)

PAPER SESSIONS (DAY 1)

Paper Session 1	Paper Session 2	Paper Session 3	Paper Session 4	Paper Session 5	Paper Session 6	Paper Session 7
Attachment and Family	Attachment and Parental Care	Quality of relationships and developmental outcomes	Attachment and transition to parenthood	Attachment and parental sensitivity	Attachment and Risk Contexts (Parental)	Parent-child relations, quality of relationships and predictors
A family-based smartphone-based intervention to reduce maternal postnatal depression symptoms and promote family health among Chinese families (6605)	Associations Among Parental Caregiving Quality, Cannabinoid Receptor 1 Expression-Based Polygenic Scores, and Infant-Parent Attachment: Evidence for Differential Genetic Susceptibility? (7263)	Spontaneous movements of preterm-born infants at 3-5 months predict their social competence at school-age: The mediation role of mothers' emotional availability and children's motor skills (7075)	Validating the Coding Interactive Behavior instrument in mothers with postnatal depression and fathers of infants (7220)	Caregiving Antecedents of Secure Base Script Knowledge Inferred from the Adult Attachment Interview: A Comparative, Pre-Registered Analysis (7041)	Can a parenting intervention in primary care change mothers' representations of their infants? A randomized controlled trial of the effect of a video-feedback parenting intervention in a low- moderate risk community sample (7131)	Heritability of parenting: A polygenic approach (6646)
The Contribution of adolescents' attachment representations, and autonomy-relatedness behaviors with parents to Young Adults' Psychosocial Adaption (7258)	The Effect of Circle of Security Parenting Program (COS-P) on Maternal Mentalization and Emotion Socialization in Low-SES Mothers from Turkey (7129)	What more to assess? Beyond Parental Sensitivity in predicting child developmental outcomes: Results from the NICHD study (7261)	The Maternal Disintegrative Responses Scale (MDRS) and its associations with attachment orientation and childhood trauma (6688)	Parents' Secure Base scripts: associations with parental sensitivity and sensitive discipline (7100)	Concepts Travel Faster than Thought: An Empirical Study of the Use of Attachment Classifications in Child Protection Investigations (7064)	Biologically embedded caregiving in early childhood: The attachment hierarchy (7250)
Test-retest reliability of the Friends and Family Interview: preliminary data (7113)	Promoting Language Equity in the Community Implementation of Attachment & Biobehavioral Catch-Up with Spanish-Speaking Parent Coaches and Latino Families in the United States (7048)	Maltreatment by Fathers and Externalizing Behavior Problem: The Effect of Child Personality (7054)	Congruence and Incongruence of Infants' Early Interactive Behavior and Their Associations with Attachment in a Sample of Infants Born Full Term and Infants Born Very Preterm	The contributions of maternal postnatal oxytocin and sensitivity to infant attachment and preschool behavioral outcomes (7050)	A "Budding" International Collaboration to Support a South African Community (7208)	The Significance of Mothers' Neural Responding to Infant Cues for Caregiving Behavior (7057)
	Parental stress among parents of young children- the role of attachment orientation, self-awareness, quality of marital relationship and child's temperament (6630)	How to support children's motor skills? Exploring associations between parenting behaviors and children's motor coordination (7226)	Do Postnatal Anxiety and Depressive Symptoms "invade" Attachment Script Narrative Assessment? (7187)	Testing the sensitivity hypothesis in child-mother dyads from three Latin-American countries (7264)		Exploring Maternal Maternal Reflective Functioning as a predictor of Mother-Child Dyadic Behavior (6718)

PAPER SESSIONS (DAY 2)

Paper Session 8	Paper Session 9	Paper Session 10	Paper Session 11	Paper Session 12	Paper Session 13	Paper Session 14
Attachment as a predictor in the transition to adulthood	Attachment representations and predictors	Attachment, Media and Routines	Attachment and Risk Contexts (Institutions)	Attachment, background and predictors	Attachment and COVID-19	Attachment, Psychotherapy and Psychopathology
The effect of secure-base representations on identity: Focusing on meaning-making and exploration of identity (7127)	Can we measure implicit attachment-related knowledge on-line? Secure Base Script assessment in different modalities (7189)	The associations between maternal playfulness, technoference and children's technology, and digital media usage (7128)	The Effect of Attachment and Child Health (ATTACHTM) Parenting Program on Parent-Infant Attachment and Parental Reflective Function (7205)	Infant attachment configuration network with mother and father and mental health (7138)	Parents and Early Learning in the Covid-19 Pandemic: A qualitative analysis of parent engagement, play, and continuity of learning in an environment of stress (7076)	The Effect of Psychotherapy on Adult Attachment Insecurity: A Systematic Review of the Empirical Literature (6694)
"Ingredients for love": Attachment styles and perspectives on romantic relationships (7265)	Maternal Anxious Attachment is Associated with Less Brain-to-Brain Synchrony in Mother-Child Dyads During Co-Viewing (6669)	Attachment, food parenting practice, family routines and childhood obesity: a systematic review of the literature (7108)	The effects of adverse childhood experiences on mother-infant interactions and infant development: The "Orim" national early intervention project in Israel (6939)	Attachment security in infants and preschoolers: Are they different in Latin-American samples? (7268)	The Contribution of Attachment Orientation and Personal Resources to First-Time Parents' Perceptions of the Infant in the shadow of COVID-19 (6629)	Profiles of Emotion Socialization and Associated Outcomes in a Clinical Adolescent Sample (6841)
Caught in a Bad Romance: Insecurity and Surveillance Behavior (6755)	Discourse coherence and syntactic integration: A qualitative illustration from mothers' brief speech samples (6811)	The role of parental mentalization and emotion regulation in the academic context: the importance of reducing parental control and negativity during homework (7266)	Careworkers' Affect Regulation in Youth Residential Care: A Preliminary Study of the Psychometric Properties of the Affect Regulation Checklist (7182)	Dynamic processes in mother-infant interaction underlying attachment quality: A time-series approach (7133)	The role of attachment styles on mental health during COVID-19 pandemic in an Italian population (7198)	44 Unresolved/ disorganized patients: their discourse and behaviour in psychotherapy (7143)
Attachment orientations, emotion goals, and emotion regulation (6874)	Speak Your Mind: The Relationship between Mindfulness and Maternal Attachment as measured by the Adult Attachment Interview (7051)	Assessment of parental sensitivity in daily practice: Introducing the OK! app and e-learning package (7260)	Attachment State of Mind and Trauma in Mother and Baby Home Adoptees (6747)		'It is his kid as much as mine': Coparent exclusion, parent attachment and perinatal mental health during Covid-19 in Sweden (7188)	Hyperactive mentalizing leads to borderline symptoms, against the background of adverse childhood experiences (7058)

PAPER SESSIONS (DAY 3)

Paper Session 15	Paper Session 16	Paper Session 17	Paper Session 18	Paper Session 19
Attachment and Neurodevelopmental disorders	Attachment and Non Parental Care	Attachment and Risk Contexts	Attachment and Psychopathology	Attachment and Parental Care II
Resolution of the Child's Diagnosis, Representations of the Child, and Emotional Availability: A Study of Mothers and Fathers of Children with ASD (7035)	Maternal experiences with professional health care for excessive infant crying: On the relevance of being sensitive towards maternal needs (7219)	Childhood Psychological Maltreatment & Adult Attachment, Mental Health, Conflict, & Coparenting in Stressful Contexts (7151)	Relationship between Internal Working Models of Attachment, Self-Report Measures of Attachment, and Maladaptive Personality Traits in a Clinical Sample of Adolescents (7140)	Attachment and Biobehavioural Catch-up for children with developmental delays: Outcomes and reflections from a South African multiple-baseline experimental study (7207)
The Parent-Child Attachment Relationship in Toddlers with Autism Traits (6709)	Is it possible to strengthen bonds without breaking hearts? The relational paradox within residential care (6607)	Attachment in Middle Childhood Among Foster and Adopted Children: Preliminary Validation of a Behavioral Observation System (7234)	Investigating mental functioning through the Child Attachment Interview: a challenge in adolescence (7172)	Longitudinal change and stability of pretend play in mothers and children aged 18 to 59 months (7044)
One-year follow-up study on attachment-based parenting intervention's effects on Japanese mothers of children with autism spectrum disorder (7045)	Attachment sensitive practices at schools: the innovative contribute of "Thinkspace" (7252)	Emotional processing in Portuguese adolescents in institutional care	The father and his anorectic daughter (7194)	Maternal sensitivity, child attachment security, and risk factors in rural Andean Peru (6862)
Exploring the interaction of adolescents with intellectual disability and their mothers using the joint painting procedure (7093)	Promoting the Child Attachment Network through Parent-Teacher Interactions during Preschool Transition (7056)	Parent-Child Relationships Shape Pubertal Development in Pre- and Early-Adolescents Boys and Girls (7086)	Do cognitive functioning and psychopathology impact the quality of parent-child relationships in mothers with Substance Use Disorder? (7257)	Parent Child Interaction Therapy-Toddlers (PCIT-T): Using live coaching to enhance parental sensitivity, reflective functioning, and child behaviour (7074)

IAC 2022 GIVES A SPECIAL THANKS TO SEAS EXECUTIVE BOARD MEMBERS, LOCAL ORGANIZING COMMITTEE MEMBERS, WILLIAM JAMES CENTER FOR RESEARCH, STUDENTS FROM THE MESTRADO EM PSICOLOGIA E PSICOPATOLOGIA DO DESENVOLVIMENTO AND VOLUNTEERS FOR THEIR IMMENSE SUPPORT IN THIS YEAR'S IAC.

SEAS EXECUTIVE BOARD

MARIAN BAKERMANS-KRANENBURG, THE NETHERLANDS
NICOLA CARONE, VICE-PRESIDENT, AND TREASURER, ITALY
PASCO FEARON, PRESIDENT, UNITED KINGDOM
MARLENE MORETTI, CANADA
CARLO SCHUENGEL, THE NETHERLANDS
DAVID OPPENHEIM, SECRETARY, ISRAEL
HOWARD STEELE, PAST PRESIDENT, USA
BRIAN ALLEN, ASSOCIATE MEMBER, USA
PASCAL VRTICKA, ASSOCIATE MEMBER, UK

LOCAL ORGANIZING COMMITTEE

MANUELA VERÍSSIMO, ISPA-INSTITUTO UNIVERSITÁRIO
ANTÓNIO J . SANTOS , ISPA-INSTITUTO UNIVERSITÁRIO
SUSANA TERENO , UNIVERSITÉ DE ROUEN
LÍGIA MONTEIRO , ISCTE-INSTITUTO UNIVERSITÁRIO DE LISBOA
CARLA FERNANDES, ISPA-INSTITUTO UNIVERSITÁRIO
EVA DINIZ, ISPA-INSTITUTO UNIVERSITÁRIO
MARYSE GUEDES, ISPA-INSTITUTO UNIVERSITÁRIO
MARÍLIA FERNANDES , ISPA-INSTITUTO UNIVERSITÁRIO
